H. N. GEORGE, of Linn County,

Then and Now.

But a few years back the good people of this valley would have been struck dumb with amazement, had some sprite from the spirit world been permitted to unfold to them a chart of the future of Oregon and its neighboring territory. Hardly ten years ago, the Dalles was considered beyond, and all that country lying east of it, including Walla Walla Valley, was laid down as a wilderness inhabited only by warlike and savage tribes of Indians. Often have we listened to the late Isaac I. Stevens giving glowing descriptions of the eastern country, where for a number of years he had used his best endeavors to quiet the Indians and by treaties and purchase, open up that broad expanse of agricultural and mineral land to be developed by the hardy frontiersmen and miners.

At that time our communications were of the most limited order, two small boats sufficed to do all the carrying trade which the Columbia river demanded. The portages were made in wagons, over the worst roads. The Columbia river from Celilo up, was considered sealed as against navigation, and as a crowning misfortune, property in this city fell in value to almost a song. The best locations on Front street could be got for twenty-five dollars per month. Cattle roamed at large through our streets, and as if by common consent, established their chief commissary department in what is now the *sitting room* of the Pioneer Hotel.

After the Indian War of 1855 and '56 was brought to a close, the numerous valleys and river attracted those who were foot loose and as a result, the valleys was soon in a forward state of cultivation, new towns sprang up, as if by magic, and old ones were rejuvenated, business increased and demands for transportation became importunate, when the O. S. N. Co. incorporated themselves together, and since that time they have been marching onward to the music of advancement, till the cockle-shells have given way to the giant and luxurious steamer, the wagons and bad roads to the iron horse and luxurious cars.

All these changes and improvements of necessity drew towards us a floating and adventurous population, representing every class and their continual researches among the mountains and rivers redound, on to our advantage, in the discovery of gold in several portions of our State, as well as in Washington and Idaho Territories, until to-day we stand not second to California as a mineral producing country.

Boise Basin, the most extensive district yet discovered, still continues to yield as at first, and no diminution in the results of her placers need be expected for years to come, and then even it will be counterbalanced, by the yield from the legions of rich quartz ledges, which are and will be discovered. Owyhee District, with its innumerable girths of precious metals, will yet, put its traducers to the blush, when her *bricks* commence rolling down, in exchange for our staples, and luxuries.

South Boise, Volcano and Silver Hill Districts are all rich in precious minerals, and it almost overwhelms us with astonishment when we commence to examine into what may be expected from these different camps, when machinery has been erected sufficient for the work. Although the forests are resounding with the whistle of steam, and the *thug, thug* of never tiring batteries, yet they are but a drop in the bucket, to what necessity calls for and which will be had before long.

Heretofore we have been tributary to California for everything; but now the tables will be turned, we will have direct trade also, and will furnish her necessities. The California press, has with a pertinaciousness worthy of a better cause, up to a short time since persistently refused to credit us for our resources and have in many instances perverted truth to gain a point. But from this out, we intend to show California and the world that Oregon is a State worthy of the Nation, and second to none in resources, pecuniarily or otherwise.

MINING ITEMS.—We clip the following items from the *Golden Age* of Oct. 1st:

FROM FLORENCE.—Within the last week considerable rain and snow has fallen at Florence, which has raised the water in the ditches some fifty inches. It is generally believed that the miners will be able to work their claims for a month to come. Capt. Baker, proprietor of the principal ditch, is now building a large saw mill on Meadow creek, has contracted for lumber sufficient to furnish lumber for fluming purposes and will this fall [illegible] a new ditch which will be high enough to furnish water for a large section of rich claims which heretofore could not be worked. We also understand that it is the intention of the Captain to furnish water at prices for the coming season, that will enable the miners to work their claims advantageously. Good for the Captain.

KOOTENAI MINES.—Several miners and packers arrived here yesterday, direct from the new mines [illegible]. The news they bring is very flattering. Some 600 claims are taken up, staked off and recorded, only about two-thirds of which are opened and worked, but these that are paying extremely well. As high as 40 [illegible] 80 ounces, have been taken out in a single day's run. The population is about 2,000, and miners are constantly arriving from all quarters, but mostly from Beaver Head. These gentlemen consider the Kootenai mines as good as any yet struck in the upper country. They [illegible] about $2,000 which they washed out of the bed of the principal creek now worked.

MILLER'S CAMP.—This new rich mining camp will [illegible] full that early in the coming spring, three ditches will be completed this fall and winter, which will afford water to 300 men. This camp is about 27 miles from Warrens, and its prospects as well [illegible] camp in the country. We visited [illegible] weeks since, and in conversation with [illegible] one of the new ditches now being brought in, he answered us that he knew [illegible] country. He is so sanguine [illegible] at Miller [illegible] he goes his whole pile on them.

NEW DIGGINGS.—We saw two miners [illegible] Fitch's story two days since who had been [illegible] the Payette about 40 miles from Warrens [illegible] all summer. They report the diggings [illegible] $10 a day to the man [illegible] there, and no one had visited them during the summer.

THE LADIES of the Christian [illegible] will meet at the vestry of the [illegible] evening, to-day. All who are interested in the [illegible] are invited to attend.

APPLES.—The last shipment of Oregon apples received in San Francisco, are quoted at sales by the box from $1 25 to $1 75.

The State Fair.

[illegible]

While the State [illegible] falling in many respects [illegible] [illegible]

BLACK HAWK STOCK.

Of the [illegible] seen the following [illegible]

[illegible]

There were [illegible] took 1st premium [illegible] [illegible] stallion [illegible]

At [illegible] colts shown by Mr. [illegible] of Jackson county. These were got by [illegible] English draught stallion weighing 2,100 lbs [illegible] mares, were much admired [illegible] to be the nearest to perfect animal for all work seen in Oregon [illegible] introduced into the State [illegible] they cannot be [illegible]

There were [illegible] colts, which were [illegible] John Minto, of Marion county, took the sweepstakes [illegible] considered.

The horse show was an improvement on former years, and was [illegible] the only point gained in favor of the State Fair of 1861.

JACKS AND THEIR PROGENY.

Old stockmen [illegible] never was there seen [illegible] value in money as was represented when the dozen jacks on exhibition were brought [illegible] $1200 to $2400 [illegible] farmers are just commencing to realize [illegible] investment [illegible] were shown by [illegible] entered for prizes. One by Mr. [illegible] Senator Nesmith, one by Mr. Burkhart. These were all remarkably good animals.

There were [illegible] One fair pair old Oregon raised [illegible] superior [illegible] best of mules for home demand.

THE CATTLE SHOW.

This was very limited, only two herds being fairly represented.

Mr. Cross of Salem, brought on his thoroughbred short-horn bull "Grand Admiral," who was raised by S. Thorn of New York, brought to Oregon by R. C. Geer, purchased from him by Mr. Cross for $1,275.

A three year old bull, "Illinois," thoroughbred, raised by Spear of Springfield, also a beautiful heifer, "[illegible]." These were both from the herd of Mr. Spear, the best stock to be found in Illinois. They were brought over by Hon. H. W. [illegible] Mr. Cross had several cows and heifers besides, and a pair of graded durham steers, weighing respectively 2,810, 2,910 as a sample of how blood will tell in the line of beef, which he intends to feed and exhibit again another season.

Mr. Wright of King's Valley, had several fine cows and calves thoroughbred, some of which were fine animals and a three year old bull that took the second premium.

H. W. [illegible], bull, cow and calf, grafted durham, that took the premium for this class.

I. Davenport entered a thoroughbred cow "Nymph"—with her calf, a red bull, from Cross' Grand Admiral by her side.

Newby, of Yamhill, showed a bull which did not attract especial attention.

SWINE.

F. H. Smith showed [illegible] Leuching [illegible] eight pigs, (the latter sold [illegible] Mr. Cross had a fine lot of porkers on hand. [illegible] his favorite boar, "W. Y. [illegible]," [illegible] was sire to a couple of fat barrows weighing each 700 lbs. only a little over a year old—such, he says as all farmers can have if they will get good breeds to fatten. One of the same kind was killed by him at one year old and cleaned up 349 lbs., and the lard and bacon sold for $50, which may incite others to raise swine that will pay.

SOMETHING ABOUT SHEEP.

We have as good sheep as anybody, and our improving grades of wool show it also.

Mr. Minto showed a fine lot of French and Spanish Merinos and took a fair share of premiums. Two premium weathers were presented by him to the Sanitary Fair. His buck *Revenue*, bought from Rockwell was on exhibition.

Idily & Snelling had some thoroughbred French Merinos; showed a fine buck named *Joe Hooker*.

F. R. Smith had a lot of Spanish Merinos. His buck brought over by McLeod took the first premium.

There were other small lots that I cannot name, and this appears to be all the kinds of stock there were to be seen at the late State Fair, and the above is a glimpse at them as impartially taken as possible [illegible] I beg him to believe that [illegible] reports are entirely disinterested and as full as could be reasonably expected, considering the weather.

WHAT THE WORLD SAYS AND THINKS.

A word [illegible] on a subject of general interest and my report of the State Fair will be completed. The world says the Fair is a failure and the world [illegible] this point [illegible] The State Fair was mismanaged, there was not proper system [illegible] reported [illegible] he could not see [illegible] It is to be hoped—

1st. That another Fair will be better managed;

2d. That the military will be better treated;

3d. That the mill tax will continue [illegible]

4th. That the Society [illegible] offer better premiums and so call out greater and better variety.

Nearly $6,000 was received at the gate, alone, and no doubt the total receipts will double this. This is a great advance on former years, and in a few years more Oregon with proper management can show that her resources are developing and that they are superior to most and equal to those of any of the States of the Union.

THE STATES TO VOTE IN NOVEMBER.—Congress has decided, says the Baltimore *American*, that none of the States which [illegible] formally declared in insurrection shall vote for President [illegible] The States thus excluded [illegible] North Carolina [illegible] Mississippi [illegible] Texas [illegible] The [illegible] chosen by the following:

[illegible]

FROM THE CAPITAL.

[illegible]

The bill was indefinitely postponed.

[illegible]

The bill [illegible] postponed [illegible]

A motion to indefinitely postpone the amendment gave rise to an animated, excited and not always courteous debate. Some members became agitated and vented their opposition to the bill so freely and unguardedly that they were frequently called to order, but could not be kept in parliamentary trammeling. The debate also took a wide range under the ambiguous terms of the amendment.

Mr. Wade was the champion of the opposition, and by the wily amendment above given, gave his side a fair opening.

Mr. Gillette broke loose in a torrent of earnest appeals and repeatedly amid the roars of the House and gallery dared members to pass the bill, threatened them with the contempt of all coming time, and promised to hold them up to the scorn of history. Mr. G. is a great favorite with the members, who hugely enjoy his style and appreciate his peculiarities, which though positive, are not considered dangerous.

Mr. Thornton took the floor and overhauled the patriotism of those who favored the bill, denounced them as assisting the rebellion and that their best friends on this floor are the so-called Copperheads. Then the gentleman went into a thorough, or what was intended to be a thorough, discussion of the constitutional question involved. Taking his text that the bill was unconstitutional against the wants of the people, wanting in patriotism and calculated to come in direct conflict with the Government. He made a long speech in which the theme of course was capable. Characterized the passage of the bill as the [illegible] damning plunge into infamy. Those denying these facts, disgraced themselves upon the page of history, etc. He favored the amendment. God pity the gentleman who differs from him.

Mr. Lafollett answered the gentleman who had said that a majority of the citizens of his own county had petitioned for the passage of the bill, and then denounced them all as traitors. Criticised the assertion of Thornton that no man with a thimbleful of brains will pronounce the act constitutional. Lafollet recounted the decision in its favor in California, the opinions entertained in its favor by the press, and the people of Oregon, including her most intelligent citizens and the fact that the Legislature of California had not repealed [illegible] after a thorough trial of its workings. Mr. Lafollett made a good impression on the House.

Mr. Fay took exception to the remarks of Mr. Thornton, classing the opposition to the floor with the rebels on the field, and declared that he and his friends were as loyal as any of the members [illegible] Dr. Johnson had declared [illegible] to be the last refuge of [illegible] Such a course is cowardly and unworthy. Mr. Thornton arose to disclaim [illegible] Mr. Fay refused [illegible] were so as [illegible] far as he was concerned. He believed the people [illegible] Beatty [illegible]

The previous question was called and carried. On motion to indefinitely postpone the amendment, [illegible] Mr. Wade [illegible] So the amendment was postponed and the House adjourned.

IN THE SENATE—[illegible]

Opened with prayer by Rev. Mr. Dillon.

Mr. Pyle introduced a bill legalizing the acts of County Clerks and Clerks of Supreme Courts in taking acknowledgments of deeds [illegible] repealed this power of said clerks [illegible] a long time and many acknowledgments were thus taken [illegible]

BOILS.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils and they have been found to be, from that time to the present, the most troublesome and painful of visitations. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood and that humor of some kind is lurking there and the very life of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, is it not best at once to purify the system? Do you ask, what will do this? We answer, **Scovill's Blood and Liver Syrup.** It is curing humors in every form and there is not a State [illegible] [illegible] the most astonishing cures. REDINGTON & CO. Agents, 416 and [illegible] Front Street, San Francisco. aug3

THE WILLAMETTE OBSTRUCTIONS.—The work of removing the obstructions at the mouth of the Willamette river is progressing [illegible] the time is short for vessels to [illegible] in coming to Portland [illegible]. There has been some [illegible] in connection with the [illegible] understand have also been [illegible] of the improvement [illegible] the bark *Jane A Falkin* [illegible] as the [illegible] the [illegible] while [illegible] vessel past the obstruction [illegible] some [illegible] it was [illegible] dredge could not come to Portland [illegible] drawing at least one hundred [illegible] management he succeeded in [illegible] that job, at the [illegible] his vessel dragging [illegible] driven along the [illegible] in making [illegible] amounted to but little [illegible] cleared up. The channel [illegible] now [illegible] found that there remains [illegible] feet across [illegible] before them [illegible] work there will make a [illegible] It [illegible] that the [illegible] might have [illegible] to Portland [illegible] on the present trip.

THE ORGANIZATION.—Below will be found the names of the gentlemen who have voluntarily come [illegible] to throw themselves away in the approaching contest for President of the United States. They have leased a pleasant room on Front street in the block with Arrigoni's hotel [illegible] and the their political doings [illegible]. The name given their association [illegible] "The McClellan Club." The [illegible] officers are: L. B. Grover, President; T. [illegible] Tracy, William Strong, [illegible] Vice Presidents; Shubrick Norris, Secretary; [illegible] Treasurer; Lansing Stout, W. W. Page, A. B. Hallock, S. Norris, S. Pennoyer, Executive Committee. The primary committees for the northern portion of Portland are composed of the following gentlemen: E. W. Tracy, T. J. Holmes, [illegible] Mayer, Geo. L. Norden, H. F. Bloch, Wm. Grooms, L. Mayer.

ARRIVAL OF THE BROTHER JONATHAN.—The steamship *Brother Jonathan*, S. J. DeWolf, Commander, which left San Francisco on Saturday last, arrived at the mouth of the Willamette and transferred her passengers and freight [illegible] the steamer *Julia* yesterday. The following are passengers:

N. Whitney, James Herrick, L. Newmark, Wm. Haves, J. [illegible] Murphy & wife, T. Charmer, J. B. [illegible], J. N. [illegible], wife and 2 children, Miss S. V. Caldwell, A. [illegible], H. Herman, B. Candleman, John [illegible], [illegible] wife and child, Sid Daniel, [illegible] Daly, [illegible] Wm. Hoff and family, Mrs J. A. Simmons, [illegible] John Kast, Frank S. Stott, A. Kegger, [illegible] and Jesup; Wells Fargo & Co's Messenger, and 44 steerage.

STREET WORK.—That portion of Front street above Salmon, which is so disgustingly filthy in the winter, is receiving some slight repairs through individual enterprise. Our opinion is that the Street Commissioner would be [illegible] to apply [illegible] by compelling more general attention in that direction to repairs. Unless something is done in the course of two months it will present a subject for the attention on health.

AN EXPENSE ACCOUNT.—The Astoria *Gazette* has been publishing the expense column attending the navigation of the Columbia and Willamette rivers by sea-going crafts. The only advantage able to be gained by this feature is that it will show the commanders they are "penny wise and pound foolish" in refusing to contribute a little [illegible] those sustaining their business to [illegible] in the [illegible] of the channel at a certain point.

SOMETHING ARRIVED.—In these days of magnetic telegraph operations and fast stages we should occasionally forget the arrivals of steamships, only [illegible] large bundles of papers that S. J. McCormick of the Franklin Book Store delivers upon our [illegible]. A large invoice of assorted reading matter was [illegible] yesterday, including Godey, [illegible] Demorest's and other fashion books—especially fine for ladies.

[illegible].—The arrival of the steamer *New World* from the Cascades creates as great a sensation lately as did the arrivals of ocean steamships a [illegible] years since. The streets adjacent to the O. S. N. Company's wharf last evening were literally alive with the throng. The boat was crowded with passengers, emigrant stock and wagons.

NOT TO BE TOLERATED.—The frequent receipts of "doctored" molasses in this market from California has at length called for redress of grievances. [illegible] several hundred kegs of the stuff has been shipped for the purpose of sending it back to whence [illegible]. The Web-feet may be green, but they [illegible] be caught with sweetened water.

A NEW MARKET WAGON.—Hay & Co. have just turned out of their wagon shop in this city another [illegible] vehicle, of an entire different pattern from [illegible] we have seen. It is designed for the city trade of [illegible] & Co's market, to be drawn by two [illegible], and will look decidedly city-fied.

OREGON CIGARS.—G. B. Gray, Esq., of this city [illegible] showed us a handsome lot of cigars as [illegible] from Cuba. They were manufactured by [illegible] from Oregon tobacco, and were awarded the first premium at the Salem State Fair. With age [illegible] they would be a very good cigar.

ARRIVED.—The bark *Helen W. Almy*, Capt. Freeman, arrived at the mouth of the Willamette in tow of the [illegible] *John H. Couch* yesterday morning [illegible] 13 days on the passage from San Francisco [illegible] the Columbia river.

[illegible].—We are informed that United States [illegible] of which the name of Capt. George H. [illegible] has been forged, have met with sale in this city. The public should be on their guard against [illegible]. A large amount has already been negotiated [illegible] disappointment.

PRESS AND SEAL.—We have had a glimpse of the Morning Star Gold and Silver Tunnel [illegible] upon the seal of the Company—just executed by Hodge & Wood, Engravers, San Francisco. The [illegible] of this is very handsome and quite appropriate to the rising silver star of Owyhee.

[illegible].—Sales were made yesterday on [illegible] to D. W. Williams & Co. for [illegible] 100 [illegible] of sugar, and a quantity of rice, from the bark [illegible], and the vessel will haul up to Vaughn's [illegible] and discharge the same to-day.

[illegible] RALLY.—All Union citizens of Portland [illegible] requested to meet at Willamette Theatre this evening for the purpose of organizing a Union Club. Hon. Geo. H. Williams will address the meeting.

BUSINESS RESUMED.—Col. McCraken has [illegible] resumed the manufacture of salt at the [illegible] in this city. The supply will be [illegible] to the demand.

[illegible] AGAIN.—The noisy [illegible] last evening. Three [illegible] eight hours may be considered [illegible] rapidly in succession.

[illegible] NEWS.—The usual [illegible] has [illegible] this morning, in consequence of the line [illegible] down on the overland route.

[illegible].—From the bulletin [illegible] Wells Fargo & Co's [illegible] pretty heavy last night.

The schooner *Ellen*, Capt. Dean, arrived [illegible] evening with a full cargo [illegible] *H. L.* [illegible].

The operation of Dr. Osgood's India Cholagogue is to counteract this miasmal influence, by producing activity of the biliary organs and a healthy discharge of bile from the system.

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "Slight Cold" in its first stage—that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. "*Brown's Bronchial Troches*" give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*
Redington & Co., San Francisco, Agents for the Pacific Coast.

Dysentery.—For Dysentery and similar complaints of the summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting tone to the intestinal mucous membrane it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

NATIONAL SALUTE IN SAN FRANCISCO.—The *Bulletin*, in speaking of Sheridan's victories in the Shenandoah valley, says:

In honor of the important victories of Sheridan in the Shenandoah valley, [illegible] announced to Gen. McDowell by the Secretary of War. About the time that this evening's *Bulletin* reaches the majority of its city readers a national salute from Alcatraz will be [illegible] out of the hills. The importance of Sheridan's victory is due to several considerations. The Shenandoah was [illegible] only route that the rebels ever [illegible] toward Maryland and Pennsylvania. Sheridan occupies that route. Lee has kept a strong force in the valley to protect Lynchburg, through which pass the railroads that connect East Tennessee with Richmond and Alexandria, and which are still of considerable service to the rebels. The series of victories in the valley exposes Lynchburg to Sheridan, and makes it necessary for Lee to watch perpetually for an attack upon the [illegible] Danville railroad from the West as well as from the Southeast. Again, it was said that Early took with him to the Valley, or had since been reinforced so largely that he had nearly one half, say [illegible], of Lee's whole army. Sheridan has very much thinned these numbers by killing, wounding and capturing, and the rest can [illegible] to be very much demoralized, so that desertions are frequent. Thus the Sheridan victories directly and to an important degree diminish Lee's force. If Lee does not further weaken himself by sending reinforcements to Early, the latter is likely to lose all he has left, and every man that Lee spares weakens Grant's [illegible] Richmond. Again, the volunteering and drafting since the last call of the President adds [illegible] men, almost all of whom are at the service of Grant or Sheridan. The latter may be expected to crowd fast upon Early either by the way of Culpepper, Charlottsville or Lynchburg. It will be no marvel if we hear of him with a column of 75,000 men pressing down upon Richmond from the West or Northwest. Is Richmond prepared to have the strain upon her suddenly doubled? She staggers under the pressure from the Southeast—will the vice that grips her begin to move both sides together—or can she stand the pressure? The guns this afternoon are in honor of victories achieved, the echoes are salvos for greater victories swiftly coming. And if Union men choose to hear all that the guns mean, let them remember what other good news beside that from Virginia fills the air—Mobile reported ours, Georgia hesitating whether she has not bled enough for a rotten Confederacy, Gold tumbling within about a fortnight from 255 down to 200, and Government paper and the confidence of Union men in the speedy ending of the rebellion, rising in proportion.

DISCOURAGING TO COPPERHEADS.—The constant stream of good news from the East—Atlanta in our possession, the Governor of Georgia withdrawing the State militia from Hood's army as if meditating a step out of the Confederacy—nearly half of Lee's army under Early cut and slashed to pieces or captured in the Shenandoah valley—Mobile reported as unconditionally surrendering to our gunboats—all this must be very discouraging to the unhappy party which, assuming the name of Democracy, is doing all it can to dishearten the Administration and the army. The sympathy of the London *Times*, warm as it is, is a poor poultice for such rough bruises as Copperheadism gets daily now. Every new victory on the part of our army or navy knocks another pin from under the incongruous Democratic concern, and threatens to topple the whole opposition party into ruins even before election day. If we could only be defeated, if some terrible disaster could overtake Farragut, or Sherman, Sheridan or Grant, Democracy in California might lift its head and see some show of recognition as a formidable power in the State. But if these victories continue to pour in upon us, McClellan may as well set his men to grave-digging and write an indignant letter to the Chicago Central Committee demanding reinforcement and threatening as an alternative to use nothing but spades for the remainder of the campaign. If they are to hear of nothing but victories in Virginia and Georgia and Mississippi, and wherever else there is a Union army battling with a rebel force, not all the flatteries of Coleman and Casserly, and the Broderick Rangers can tempt ex-Governor Downey to the folly of running—for an authoritative popular command to stay out of Congress, and it will take all the money now spent on Copperhead processions, brooms, banners and bands of music to hire the other Copperhead candidates to keep the field till election day. Grant and Sheridan, Farragut and Sherman are making terrible onslaughts upon the bogus Democracy. If they keep on a little longer at their late rate of demolition, the Jeff Davis Confederacy and the Chicago composite Democracy will tumble into one and the same heap of indistinguishable ruins.—*S. F. Bulletin.*

It is well known that the medicinal effects of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,

LIVER, KIDNEYS,

DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton, of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners. (See "American Medical Monthly," July 1, 1856, page 7.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price $1 per bottle. Prepared by Dr H. Anders & Co. Physicians and Chemists, New York.

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact it stands unrivalled as a remedy for the permanent cure for the maladies above-mentioned, and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disorder or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,

CATARRH OF THE BLADDER,
STRANGUARY AND BURNING OR PAINFUL
URINATING,
CALCULUS, GRAVEL,

OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to
